

Dear Irvine High School Parents, Teachers and Students:

Please take a few minutes to complete our IUSD Annual Survey! This is the second year that every school in Irvine Unified will disseminate a climate survey. In an effort to eliminate multiple surveys, we have incorporated the Local Control Funding Formula/Local Control Accountability Plan survey and portions of the state Healthy Kids survey. By making this an annual district-wide effort, we can begin to understand our most compelling needs and measure our growth over time.

Understanding our stakeholders perceptions regarding school climate and home-school-community relations is critical for guiding our continuous improvement efforts and focusing resources through our Local Control Accountability Plan (LCAP) to ensure that we serve our students, support our staff, and remain connected to our communities.

Thank you in advance for taking the time to complete our survey! We know that this is a busy time of year and we appreciate you dedicating **your time** to provide us candid and constructive feedback. The survey will be open until November 20, 2016. All responses to this survey are anonymous and will be kept strictly confidential.

Sincerely,

Monica Colunga, Ed.D.
Principal
Irvine High School
